BOTANIQ®

Boldly⁽¹⁾

Lightly⁽²⁾

Brightly⁽³⁾

⁽¹⁾ Looking good.

Sustainable choices shouldn't have to be compromises. Discover a full range of on-trend colours and materials.

⁽²⁾ Doing good.

Making good choices matters today more than ever. Join a sustainable mission rethinking eyewear from beginning to end.

⁽³⁾ Feeling good.

A sustainable choice makes you feel good. A look to love today, without a polluted planet tomorrow.

Frames

Our materials are either recycled or come from natural and sustainable sources. Wood, cork and bamboo. Bio-based acetate and recycled stainless steel.

Lenses

In the eyewear world demo lenses end up in landfill. Our demo lenses have been designed so that they can be recycled.

Packaging

All packaging is easily recyclable, and paper and cardboard is from FSC sources. The case is constructed from recyclable board and can even be folded flat so it's really efficient to ship.

List of materials

Item	Material	Sustainability
Frames	Natura acetate	Biodegradable
Metal/screws/hinges	Stainless steel/Nickel silver	Recycled/recyclable
Nose pads	Comotech MEM	Recyclable

Wood	FSC certified Wood	Recyclable
Bamboo	Bamboo	Recyclable
Case material	Recycled PET	Recyclable
Case core	FSC cardboard	Recyclable
Case sides	Iron	Recyclable
Magnet	Magnet	Upcycle

BOTANIQ®

Sustainable eyewear. Thoughtfully made.

Botaniq eyewear offers a look to love today, without a polluted planet tomorrow.

Every element of the sustainable eyewear collection is designed with the planet in mind.

Botaniq frames are hand-crafted by experts at our factories, using innovative, sustainable materials. Bio-based acetate that decomposes like leaves. Naturally sustainable wood, cork and bamboo. Recycled stainless steel.

Botaniq packaging is constructed from reclaimed and recycled materials wherever possible, and every part of it is recyclable. The glasses case includes recycled cardboard and iron, and we're addressing the eyewear industry's issue with disposable demo lenses by making ours fully recyclable.

Every part of Botaniq packaging is recyclable - even the demo lenses can be recycled.

The end of a Botaniq frame is the start of something new. We are recycling Botaniq products with TerraCycle®. This will give the materials from Botaniq frames a second life, diverting waste from landfills and incinerators.

Meanwhile for every Botaniq frame sold, One Tree Planted will plant a tree in a region of the world where reforestation is urgently needed.

Botaniq is intelligent contemporary eyewear created in collaboration with nature.

Sustainable style, made to inspire change.

BOTANIQ®

A beautifully balanced butterfly shape, backed by cork and muted colour.
